**Bachelor of Arts in Biology (Minor in Philosophy)**, *Saint Louis University*, 2010  
*Magna Cum Laude*

### BOARD CERTIFICATIONS

---

American Board of Anesthesiology Certified	6/13/19 - 12/31/29
American Board of Pain Management Certified	9/14/19 - 12/31/29

### PROFESSIONAL ORGANIZATIONS

---

Phi Beta Kappa	2010 - Present
<i>Eagle Scout</i> , Boy Scouts of America	2006 - Present
American Medical Association	2010 - Present
North American Neuromodulation Society	2018 - Present
American Society of Interventional Pain Physicians	2018 - Present
American Society of Anesthesiology	2015 - Present

### POSTGRADUATE TRAINING

---

**Keck / LAC+USC Medical Center, Los Angeles, CA**  
*Surgical Intern and Anesthesiology Resident* June 2014 to June 2018

- Completed residency at a high-acuity Level 1 trauma and teaching hospital.
- Managed complex perioperative care, including advanced airway management, ventilatory support, arterial and central venous catheter placement, neuraxial and regional anesthesia, and critical care management across trauma, transplant, neuro, vascular, orthopedic, and general surgery services.

**Keck Hospital of USC, Los Angeles, CA**  
*Interventional Pain Management Fellow* August 2018 to July 2019

- Completed an ACGME-accredited fellowship focused on comprehensive management of chronic and neuropathic pain.
- Trained extensively in fluoroscopic and ultrasound-guided procedures, including epidural steroid injections, medial branch blocks, SI joint injections, facet joint injections, radiofrequency ablation, peripheral joint injections, sympathetic blocks, spinal cord stimulator trialing, and multimodal care planning.

## **PROFESSIONAL EXPERIENCE**

---

### **Methodist Hospital, Sacramento, CA**

*Full-Time Anesthesiologist*

September 2019 to September 2022

- Provided general anesthesia, monitored anesthesia care, and neuraxial anesthesia for surgical and obstetric services.
- Regularly performed airway management, arterial and central line placement, epidural and spinal placements, hemodynamic management, and postoperative recovery coordination.
- Initially employed with Anesthesia Consultants of Sacramento, continued under Envision Physician Services until contract completion.

### **UC Davis Medical Center, Sacramento, CA**

*Staff Anesthesiologist*

November 2022 to July 2023

- Delivered perioperative anesthesia services in a major academic tertiary referral center.
- Managed complex surgical cases requiring advanced airway management, regional anesthesia, invasive monitoring, and multidisciplinary coordination for high-risk surgical patients.

### **Wave Pain Specialists, California**

*Pain Management Specialist*

January 2023 to June 2025

- Provided interventional and longitudinal outpatient pain care.
- Performed fluoroscopic and ultrasound-guided procedures, including epidural injections, medial branch blocks, radiofrequency ablations, SI and facet joint injections, peripheral joint injections, and trigger point injections.
- Developed multimodal, function-oriented treatment plans and collaborated closely with referring physicians, physical therapy, and surgical teams.

### **John Muir Health, Walnut Creek, CA**

*Staff Anesthesiologist*

September 2024 to Present

- Performed general, regional, and monitored anesthesia care for a broad range of inpatient and outpatient surgical services.
- Responsibilities included airway control, hemodynamic management, neuraxial techniques, perioperative evaluation, and postoperative care coordination.

**Kaiser Permanente, Los Angeles, CA**  
*Staff Anesthesiologist*

September 2024 to Present

- Provided anesthesia care across multiple surgical service lines in a high-volume integrated hospital environment.
- Duties included preoperative assessment, intraoperative management, regional anesthesia, postoperative recovery oversight, and collaboration with multidisciplinary care teams.

**California Division of Workers' Compensation**

*Qualified Medical Evaluator (QME) – Pain Management*

April 2020 to Present

- Conducts comprehensive medical-legal evaluations for workers' compensation cases involving chronic pain, spine injuries, and post-surgical conditions.
- Performs detailed causation, apportionment, and impairment analyses in accordance with AMA Guides (5th Edition).
- Prepares objective, evidence-based reports that support fair and accurate claim resolution.
- Applies extensive clinical experience in interventional pain management to assess functional capacity, treatment efficacy, and work-related disability.
